

HEBA ELHADDAD, PH.D.

Assistant Professor of Industrial Engineering

EDUCATION

Ph. D. Industrial Engineering Management, November 2015. Department of Production Engineering, Faculty of Engineering, Alexandria University.

M. Sc. Production Engineering, July 2008. Department of Production Engineering, Faculty of Engineering, Alexandria University.

B. Sc. Production Engineering, July 2003. Department of Production Engineering, Faculty of Engineering, Alexandria University.

ACADEMIC EXPERIENCE

2015 – Present **Assistant Professor.** Industrial Engineering Department, Alexandria Higher Institute of Engineering and Technology (AIET).

2009– 2015 **Teaching Assistant.** Industrial Engineering Department, Alexandria Higher Institute of Engineering and Technology (AIET).

NON-ACADEMIC EXPERIENCE

2019-2020 **Executive manager of Academic Quality Assurance Unit.** Alexandria Higher Institute of Engineering and Technology (AIET).

2018-2019 **Executive manager of Scientific Research Unit.** Alexandria Higher Institute of Engineering and Technology (AIET).

2006 – 2008 **Executive Director of Quality Assurance Unit.** Mahony Maritime & Shipping Company. Alexandria

January 2006 – July 2006 **HR Specialist.** Cotton Club Factory. Alexandria

2004 - 2005 **Production Engineering.** NOFA Egypt Factory. Alexandria.

MEMBERSHIP IN PROFESSIONAL ORGANIZATIONS

- Member of the System Dynamics Society.

HONORS AND AWARDS

- Recognition award by Alexandria Higher Institute of Engineering and Technology (AIET). **2018.**
- Recognition award by Alexandria Higher Institute of Engineering and Technology (AIET). **2019.**
- Recognition award by Alexandria Higher Institute of Engineering and Technology (AIET). **2022**

SERVICE ACTIVITIES (WITHIN AND OUTSIDE OF THE INSTITUTION)

- The **head of the committee** of Performance Development of AIET website according to **Webometrics** since 2021
- **Coordinator of International Relationships (AAU)** since 2020
- **IEEE SB Counselor** since 2019
- **Delivering academic courses** since 2009 such as ;
 - Manufacturing System Design
 - Facility planning and design
 - Operation Research
 - Manufacturing processes
 - Management Information System
 - Project Management
 - Design and analysis of industrial experiments
 - Mechanical Drawing
 - Organization theory and Management
 - Industrial Technologies
 - Human Factors
 - Engineering Simulation
 - Business Process Reengineering
- **Development of course** material for both undergraduate and postgraduate courses
- **Implementing the academic quality assurance** and management system within the industrial engineering department, AIET.
- **Speaker** in the Activities of **International Women Day 2021**, organized by Google Developer Student Club, AIET
- **“ Digital Transformation in African Higher and Tertiary Education”**, 9-13 November, 2020 organized by AAU, **9-13 November, 2020.**
- **Speaker** in the Activities of African Universities **Week Virtual Celebration “ Digital Transformation in African Higher and Tertiary Education”**, 9-13 November, 2020 organized by AAU, **9-13 November, 2020.**
- Event Coordinator of the fourth Industrial Revolution Application Workshop, 2022
- Event Coordinator of the 2nd Engineering labor Market Forum 2019
- Event Coordinator of Scientific Conference for Advanced Engineering Technologies "SCEAT2018"
- Supervisor for several final graduation's projects
- Peer reviewer for International Journal of Engineering Research & Technology (IJERT)

PROFESSIONAL DEVELOPMENT ACTIVITIES

- **Grant Writing**, STDF Nature Research Academies in Collaboration with the Egyptian Knowledge Bank (EKB), **25 January 2023**
- **Research Methodology**, STDF Nature Research Academies in Collaboration with the Egyptian Knowledge Bank (EKB), **22 January 2023**
- **Writing a Research**, STDF Nature Research Academies in Collaboration with the Egyptian Knowledge Bank (EKB), **15 January 2023**
- Faculty of Business Ain Shams University in Coloration with the 1arab Center of Administrative Development and Strategic Studies, **13 August 2021 to 4 November 2021**

- **The Leadership Preparation Program, Business and Statistical Research Center,** Faculty of Business Ain Shams University in Coloration with the 1arab Center of Administrative Development and Strategic Studies, **13 August 2021 to 4 November 2021.**
 - **Lean Six Sigma Green Belt** accredited From OPEX Academy of certificate in Canada and from council for Six Sigma Certification in USA , **3 June to 5 August, 2021.**
 - **Intra Africa Virtual Workshop on “The Establishment of an African Digital Distance Learning University Social Entrepreneurship”**, organized by PUA,ASRT & AAU, 26-29 July, 2021.
 - Workshop on **“How to Implement Flipped Classroom in University Courses”**, pharos Univeraity , **9-10 March 2020**
 - Workshop **“Introduction to Competency Based Learning”** 27-28 October 2019 ,Faculty and Leadership Development Center, **27-28 October 2019**
 - **Kaizen, Technology and Innovation**, E-JUST Campus, New Borg El Arab City, Alexandria, Egypt, **June 11, 2019.**
 - **Workshop on Sustainability**, Alexandria, Egypt organized by Pharos University and the Royal Institute of Technology, KTH Stockholm, Sweden. **14-18 April, 2019**
 - **Training program on Supply Chain Modeling and Analytics**, Smart Village, Cairo, Egypt organized by Egypt-Japan University of Science and Technology, **2-6 March, 2019.**
 - **2nd International Conference on New Trends in Sustainable Energy**, Alexandria, Egypt, **5-7 November 2019.**
 - **Fourth International Conference of Business Innovation & Economic Sustainability Challenges**, Alexandria, Egypt, **28 March 2018.**
 - **First International Conference on Innovative Engineering Systems (ICIES 2012)**, Alexandria, Egypt, **7 – 9 December 2012**
-

Curriculum Vita

(Assoc. Prof.: Kassim Kadry Kassim Matrawy)

Department of Industrial Engineering

Alexandria Higher Institute of Engineering and Technology

Present Affiliation:

Associate Professor, Department of Industrial Engineering, Alexandria
Higher Institute of Engineering and Technology

Personal Data:

Full Name: Kassim Kadry Kassim Matrawy

Nationality: Egyptian.

Date and place of Birth: 23 – 2 -1958 (Behera)

Marital Status: Married.

Contact Data:

Vice Dean, Alexandria Higher Institute of Engineering and Technology

Mobil: 01000336066

E – Mail: Kasem.Kadri@aiet.edu.eg

Academic Qualifications

Ph.D.: Hungarian Academy of Science, Hungary, 1996. Thesis: "Performance Evaluation and Optimization of a Solar Hot water Heating and Storing System".

M.Sc.: Assiut University, Faculty of Engineering, Mechanical Engineering Department, 1991. Thesis: "Performance of Natural Circulation Solar Collector - Storage System under Un–Steady Demand and Varied Design Parameters".

B.Sc.: Assiut University, Faculty of Engineering, Mechanical Engineering Department, 1981.

Employment History:

August 2023-To Date: Vice Dean, Alexandria Higher Institute of Engineering and Technology (Aiet).

May 2018-August 2023: Head of Department of Industrial Engineering (Aiet).

August 2013 – May 2018: Associate Professor, Mechanical Engineering Department, Faculty of Engineering, Taif University, Saudi Arabia.

February 2009-August 2013: Associate Professor, Mechanical Engineering Department, Faculty of Engineering, Assiut University.

December 1996 – 2009: Lecturer, Mechanical Engineering Department, Faculty of Engineering, Assiut University.

1993 – 1996: Ph. D. fellow, Hungarian Academy of Science, Hungary.

1991- 1993: Ass. Lecturer: Mechanical Engineering Department, Faculty of Engineering, Assiut University.

1982 – 1991: Demonstrator, Mechanical Engineering Department, Faculty of Engineering, Assiut University.

Major Research Topics:

Water Desalination – Humidifying and De- humidifying ambient air – Solar water and Air Heating – Energy Storage – Solar Cooking – Solar Combined cycle, Power Plants – Steam and Gas Turbines – Renewable Energy Systems – Energy Efficiency – Energy Conversion - Thermal and Hydraulic Machines.

Professional Societies:

Member of the International Solar Energy Society – Member of the Egyptian Solar Energy Society.

Teaching Duties:

Design of Machines Elements, Energy Management, Industrial Account and cost analyses, Dynamic systems analyses, Theory of Machines, Applied mathematics (Static and Dynamics) - Heat Transfer – Renewable Energies – Thermodynamic

– Energy Systems - Thermal Power Plants – Fluid Machines and Hydraulic Machines – Refrigeration and Air conditioning.

Academic Experience:

Beside the previous teaching experience. I have participated in many activities like:

- 1– Participating in preparing and teaching of the training courses for new engineers in Assiut University (Egypt) and Taif University (KSA).
- 2– Participating in many undergraduate and postgraduate research work and projects at Mechanical Engineering Department, Faculty of Engineering, (Assiut University – Taif University - Aiet) introducing the technical support of required test sections, measuring instruments and experimental setups,
- 3- Participating in many undergraduate and postgraduate research work and projects at Mechanical Engineering Department, Faculty of Engineering, (Assiut University – Taif University - Aiet).
- 4– Attending many seminars, workshops and conferences (Assiut University – Taif University - Aiet).
- 5– Participate and published 35 Papers in International Journals and International Conferences.
- 6– Patent from Academy of Scientific Research and Technology (Egypt), Patent No. 22767, "Solar Cooker with Truncated Cone Shape"
- 7– Attending many Quality Training Management (Aiet)

الخبره فى مجال الجودة

- منسق برنامج الهندسة الصناعية بمعهد الإسكندرية العالي للهندسة والتكنولوجيا
- المشاركة فى اعمال الجودة والاعتماد (كلية الهندسة جامعه اسيوط – كلية الهندسة جامعه الطائف)
- توصيف برنامج ومقررات برنامج الهندسة الصناعيه
- المشارك فى وضع الجدران الخاصه ببرنامج الهندسة الصناعيه
- المشاركه فى اعداد خريطه الجدران لمقررات برنامج الهندسة الصناعيه
- الدراسه الذاتيه لمعايير برنامج الهندسة الصناعيه
- المشارك فى برنامج التدريب لبرنامج الهندسة الصناعيه
- المشارك فى وضع اللائحه المعدله لبرنامج الهندسة الصناعيه

PROFESSIONAL SUMMARY

Organized and dependable candidate successful at managing multiple priorities with a positive attitude. Willingness to take on added responsibilities to meet team goals. To seek and maintain full-time position that offers professional challenges utilizing interpersonal skills, excellent time management and problem-solving skills. Hardworking and passionate job seeker with strong organizational skills eager to secure entry-level Associate professor position. Ready to help team achieve company goals. Collaborative leader with dedication to partnering with coworkers to promote engaged, empowering work culture. Documented strengths in building and maintaining relationships with diverse range of stakeholders in dynamic, fast-paced settings. Encouraging manager and analytical problem-solver with talents for team building, leading and motivating, as well as excellent customer relations aptitude and relationship-building skills. Proficient in using independent decision-making skills and sound judgment to positively impact company success. Dedicated to applying training, monitoring and morale-building abilities to enhance employee engagement and boost performance. Strong leader and problem-solver dedicated to streamlining operations to decrease costs and promote organizational efficiency. Uses independent decision-making skills and sound judgment to positively impact company success. Results-oriented **Associate Professor** with proven record of empowering leadership. Monitors long- and short-term objectives and offers resourceful approach to challenges. Handles logistics and strategic planning with keen attention to detail and superior resource allocation. Results-oriented **Associate Professor** with proven record of empowering leadership. Monitors long- and short-term objectives and offers resourceful approach to challenges. Handles logistics and strategic planning with keen attention to detail and superior resource allocation. Ambitious individual equipped with high-level business acumen and history of leadership. Works collaboratively with teams to achieve goals and improve performance. Thrives in fast-paced environments with strong time management and prioritisation skills. Results-oriented **[Job Title]** with proven record of empowering leadership. Monitors long- and short-term objectives and offers resourceful approach to challenges. Handles logistics and strategic planning with keen attention to detail and superior resource allocation.

WORK HISTORY

February 2020 - Current

Head of Department, Industrial & Systems Engineering Department , PNU, Riyadh, KSA

- Recruited and trained department staff to boost employees productivity.
- Reconciled daily sales transactions to balance and log day-to-day

French

Elementary

revenue.

- Enforced first-class workmanship among staff for successful delivery of targets.
- Implemented process-improvement initiatives within department resulting in reduced operating costs.
- Established performance goals for employees and provided feedback on methods for reaching those milestones.
- Encouraged all employees within department to present positive, exemplary image..
- Kept employee workloads fair and balanced to achieve objectives while maintaining high job satisfaction.
- Encouraged all employees within department to present positive, exemplary image to stakeholders.

February 2020 - Current

Head of Laboratories Unit, College of Engineering, PNU, Riyadh, Saudi Arabia

- Co Founder of 21 of Engineering Labs in College of Engineering, Princess Nourah bint Abdulrahman University
- Directed retail and wholesale operations, scrutinizing and improving existing processes to boost efficiency.
- Oversaw business staffing and training, building successful, customer-focused team.
- Collaborated with cross-company departments, developing new strategies to capitalize on emerging customer trends.
- Compared supplier risks to make balanced, strategic purchasing choices.
- Determined strategic direction of organization based on industry knowledge and market research.
- Enforced service standards to maintain establishment reputation for excellence.
- Developed plans and strategies to promote continuous improvement.
- Engaged with stakeholders to build relationships and brand awareness.

January 2019 - Current

Assistant Professor, Princess Nourah Bint Abdulrahman University (PNU), Riyadh, Saudi Arabia

- Worked closely with professors to support collaborative research for course progression .
- Managed curriculum design and implementation, developing clear, concise learning methodologies through research and planning for courses (Statics - Production Panning & Control1 -Production Panning & Control2 - Regression & Forecasting - Engineering Management - Service Operations Management - Dynamics)
- Developed multidisciplinary approaches to education, ensuring high-quality teaching, research and student experiences.
- Continued personal professional development by attending workshops and training, optimising knowledge to enhance course curriculum.
- Supported research projects, aiding academic progression and growth

in line with demands.

- Managed challenging behaviour effectively, reducing classroom incidents to maintain positive learning environments.
- Built confidence levels among students through empowerment practices.

June 2014 - Current

Assistant Professor, Alexandria Higher Institute of Engineering and Tec, Alexandria, Egypt

- Worked closely with professors to support collaborative research for course progression.
- Developed multidisciplinary approaches to education, ensuring high-quality teaching, research and student experiences.
- Continued personal professional development by attending workshops and training, optimising knowledge to enhance course curriculum.
- Supported research projects, aiding academic progression and growth in line with demands.
- Managed curriculum design and implementation, developing clear, concise learning methodologies through research and planning for Courses (Statistical Quality Control – Human Resource Management – Production and Operation Management - Marketing Management – Facility Planning – Quality Management Systems – Engineering Economy- Technical Reports Writing – International Business)
-

September 2015 - January 2019

Quality Assurance Manager, Alexandria Higher Institute of Engineering and Tec, Alexandria, Egypt

- Made follow-ups on allocated action plan to meet completion timescales.
- Uploaded documents to internal and external systems for backup.
- Assessed systems data to meet contractual obligations and identify missing and incomplete information.
- Collated documentation required for external reviews and audits.
- Prepared and issued service user questionnaires to solicit feedback and suggestions.
- Provided administrative support to manage annual review processes for programmes.
- Contributed to drafting, reviewing and finalising Standard Operating Procedures and Work Instructions.
- Analysed data from external sources to identify potential problems with competitors' products and services.
- Implemented service action plans to mitigate potential risks.

SKILLS

- | | |
|-----------------------------------|----------------------------|
| • Protecting information | • Project scheduling |
| • Documenting patient information | • Office supply management |
| | • Staff motivation |

- Problem resolution
- Schedule management
- Proofreading
- Training and development
- Strong problem solver
- Meeting planning
- External communications
- Human Resources Management (HRM)
- Procedure improvement
